EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Timmer on January 12, 2004.

The application has been amended as follows:

IN THE CLAIMS:

Claim 1, line 3, after "and hafnia" insert --wherein hafnia is present--.

Claim 7, line 4, after "and hafnia" insert --wherein hafnia is present--.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or render obvious a ceramic thermal barrier coating wherein at least a portion of the thermal barrier coating comprises a stabilized zirconia coating including yttria and hafnia wherein the hafnia is present in an amount of at least about 15 wt% effective to reduce thermal conductivity of the stabilized zirconia coating as compared to a similar stabilized zirconia coating having an impurity amount of hafnia. Applicant's amendments have overcome the prior art of record. Specifically, the prior art of record do not teach or give motivation for the above article with the combination of zirconia, yttria, and at least 15wt% hafnia.

The instant amendment is for the purpose of clarifying that the range of at least 15wt% applies to the hafnia component of the composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
